Cesta su ruote, chiaramente ispirata al contenitore per la legna, ma che ovviamente può essere utilizzata con massima versatilità non solo accanto al camino. La sua forma semplice richiama l'idea di una pelle ripiegata e chiusa lungo gli angoli, fino a ricavarne un contenitore, dotato di ruote per maggiore comodità d'uso.

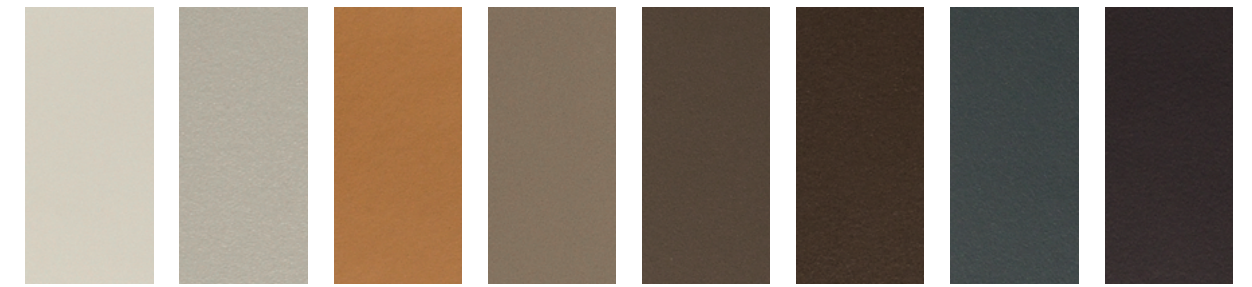

Basket on wheels, clearly inspired by wood storage containers, but which of course can be used with maximum versatility, not only next to the fireplace. Its simple shape recalls the idea of folded leather, closed along the corners, so as to obtain a container, equipped with wheels for greater ease of use.
