

tray

Tray è una piccola cesta i cui bordi rilevati sono semplici ripiegature dei lembi laterali: fissati con un bottone metallico, trasformano uno strato di cuoietto in un contenitore basso, quasi un vassoio.

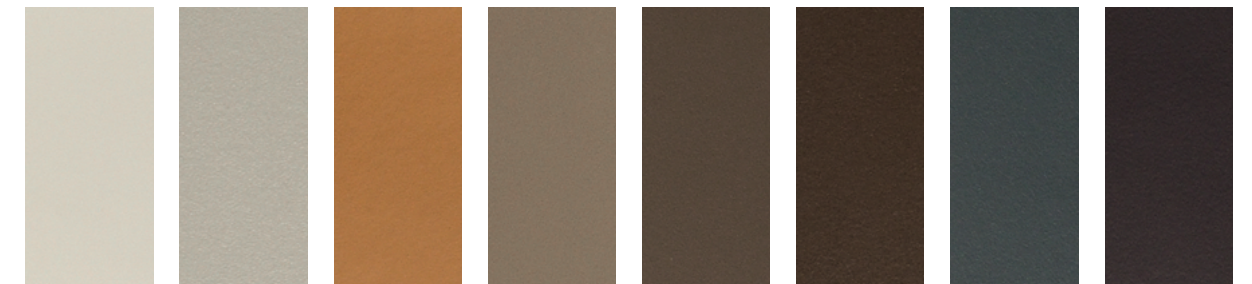

Tray is a small basket whose raised edges are simple folds of the side flaps: secured with a metal button, they transform a layer of leather into a low container, almost like a tray.

Scatola in cuoietto P3 con bottone a pressione per chiusura.

P3 thick leather box with snap button for closure.
