

navona

Il divano Navona è un gioco di contrasti, volumi e leggerezza, con assoluta priorità di forme morbide. Le linee sono ispirate a quelle naturali, già esplorate e raccontate negli anni '50: ammorbiditi gli spigoli, spessori contenuti, leggerezza. La difficile sfida di ricreare una forma organica in modo artigianale.

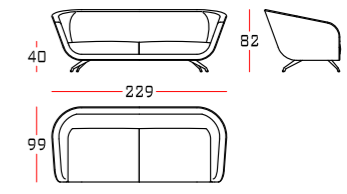

The Navona sofa is a game of contrasts, volumes and lightness, with absolute priority of soft shapes. The lines are inspired by the natural ones, already explored and told in the 50s: softened edges, contained thickness, lightness. The difficult challenge of recreating an organic shape in a handmade way.
