

# rialto

Rialto nasce dal desiderio di creare una struttura a ripiani che non sia trasparente, ma che vesta la parete creando un effetto scenico di fondale.

Particolare attenzione è stata dedicata agli elementi verticali che non sono considerati come dei semplici schienali, o fondi. Al contrario, danno vita alle pareti, diventano protagonisti grazie alla finitura a motivi rigati in rilievo che dona tridimensionalità e vibrazioni di chiaroscuro all'ambiente.

Stabile e leggera, Rialto può essere collocata a parete o in centro stanza, a dividere gli spazi con forte personalità.

Rialto was born from the desire to create a shelf structure that isn't transparent, but which decorates the wall creating a scenic backdrop effect.

Particular attention has been paid to vertical elements that are not just considered as simple backrests or bottoms. On the contrary, they bring life to the walls, they become protagonists thanks to the finishing of striped relief patterns that gives three-dimensionality and chiaroscuro vibrations to the ambience.

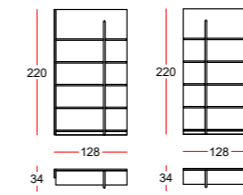

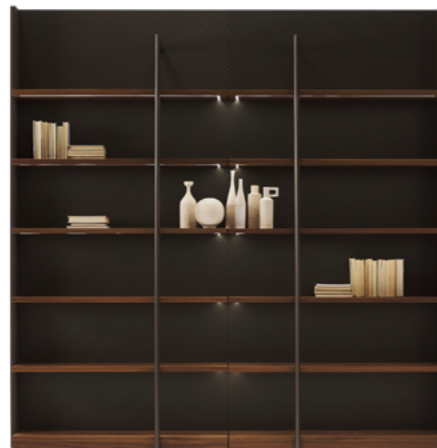

Stable and lightweight, Rialto can be placed on the wall or in the center of the room, to divide spaces with strong characters.

Libreria a moduli accoppiabili.

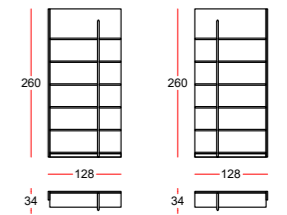

Telaio in metallo verniciato.  
Struttura in legno multistrato.  
Rivestimento in pelle sintetica.  
Ripiani in legno con finitura in essenza.  
Luce LED (opzionale).

Modular bookcase with connectable modules.

Frame in painted metal.  
Structure in plywood.  
Covering in synthetic leather.  
Shelves in wood finished with wood essence.  
LED lighting (optional).
