

eno

A partire dalla richiesta di un mobile espositore per vini, Eno vuole essere una "galleria" di bottiglie che espongono di sé la parte migliore: le etichette.

È nato così il progetto, teso a creare una ottimale scaffalatura per adagiarsi bottiglie scelte.

Le schermature in cuoio hanno il compito di creare uniformità mettendo in risalto il particolare di maggior fascino della bottiglia, la sua etichetta.

Eno è completato da un cassetto attrezzato con un piano estraibile di servizio, ed è disponibile una versione con ante in vetro.

Struttura in legno multistrato.
 Rivestimento esterno in pelle P3, P2.
 Contenitore finito in essenza.
 Ripiani portabottiglie in legno rivestito in cuoietto P3.
 Accessori cassetto in cuoietto P3.
 Luce LED con sensore di sfioramento (opzionale).

Versione vetrina con telaio metallico rivestito in pelle P3, P2.

Starting from the request for a wine display cabinet, Eno wants to be a "gallery" of bottles that exhibit the best part of themselves: labels.

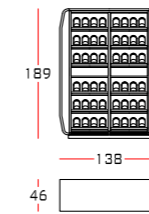

This is how the project was born, aimed at creating an optimal shelving to accommodate selected bottles.

The leather shields have the task of creating uniformity, highlighting the most charming detail of the bottle, its label.

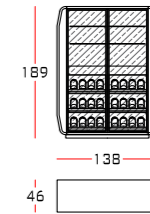

Eno is completed by a drawer equipped with a pull-out top, and an additional version with glass doors is available.

Structure in plywood.
 External covering in leather P3, P2.
 Storage unit finished with wood essence.
 Wooden bottle holder shelves covered in thick leather P3.
 Drawer accessories in thick leather P3.
 LED lighting with touch sensor (optional).

Showcase version with glass doors with metallic structure covered in leather P3, P2.
