

vintage stool

Morbidezza e robustezza insieme, per aggiungere un tocco insolito a una forma che si ispira all’archetipo della seggiola metallica economica, di cui sono pieni i ricordi di scuola.
Semplicità senza però dimenticare i dettagli: piccoli tocchi che mettono in risalto il ruolo del cuoio e l’eleganza senza tempo delle sue rifiniture.
La struttura in metallo, solida e leggera, regge sedile e schienale rifiniti secondo le arti della selleria: cuoio e tessuto si combinano, a rivestire integralmente gli inserti in compensato curvato.

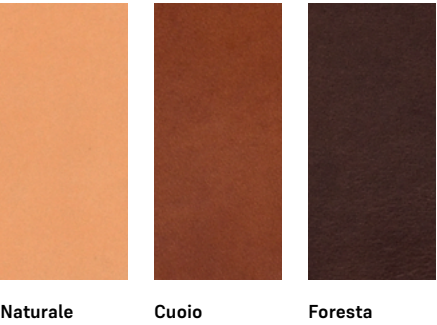

Softness and strength together, in order to add an unusual touch to a shape that is inspired by the archetype of the cheap metal chair, which brings back many memories from the school years.
Simplicity without overlooking the details: small touches that highlight the role of leather and the timeless elegance of its finishes.
The solid and light metal structure holds the seat and back, which are perfected according to the upholstery arts: leather and fabric are combined, to fully cover the curved plywood inserts.

Seduta in legno multistrato.
Imbottitura in poliuretano espanso.
Rivestimento esterno in cuoio P1, cuoietto P3 o pelle, cuscino in tessuto o pelle.
Gambe in metallo verniciato.

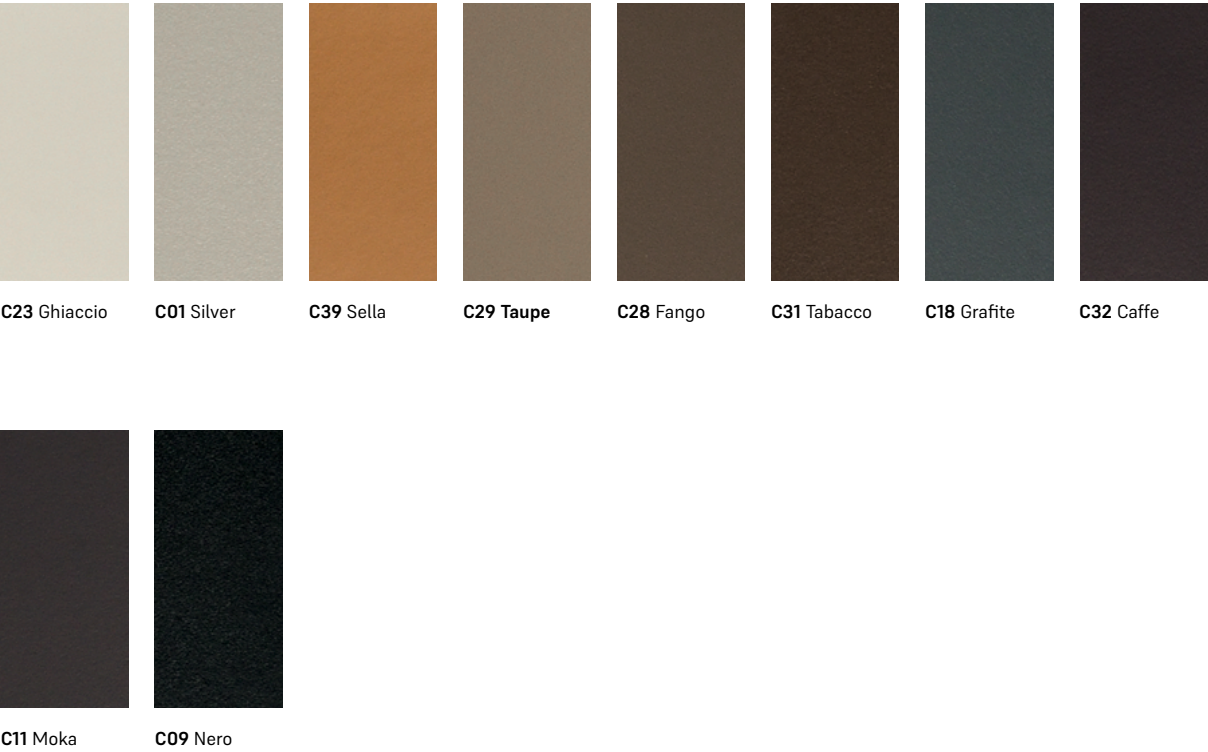

Seat in plywood.
Padding in polyurethane foams.
Upholstery in cowhide P1 or thick leather P3 or leather (external part) and fabric or leather(cushions).
Legs in painted metal.
