

milano

Milano è un sistema di sedute che incarna l'essenza del design minimale, dove le forme generose e armoniose invitano al relax e all'eleganza. La struttura in legno multistrati curvato, rivestita in pregiata pelle, accoglie cuscini di seduta e schienale dai volumi ampi, componibili per adattarsi perfettamente a ogni spazio. Oltre alle linee sobrie e angolari, una variante esclusiva con tavolino integrato al bracciolo arricchisce ulteriormente il prodotto, aggiungendo un tocco di carattere senza compromettere la sua raffinatezza. Ogni dettaglio, dalle finiture sartoriali dei cuscini al dialogo delicato tra il legno e il raffinato cuoio, è un'espressione di maestria artigianale, un connubio perfetto di comfort e stile.

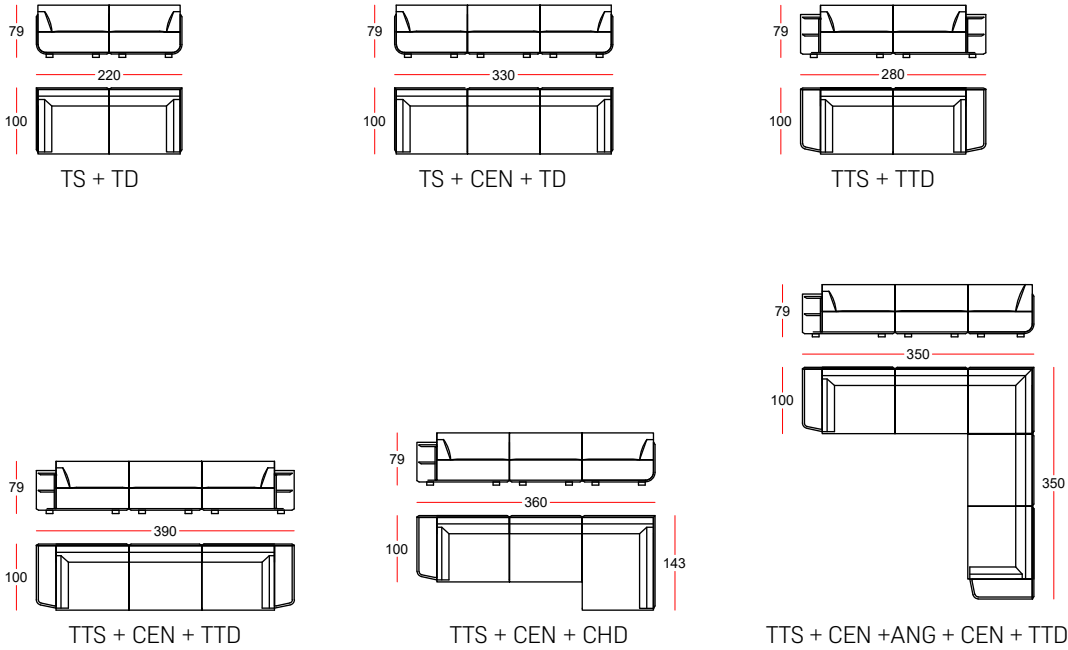

Milano is a seating system that embodies the essence of minimalist design, where generous, harmonious forms invite relaxation and elegance. The curved multilayer wooden frame, upholstered in fine leather, cradles large, modular seat and back cushions that can be arranged to perfectly fit any space. In addition to the sleek linear and corner options, an exclusive variant features a side table integrated into the armrest, further enhancing the product with a touch of character without compromising its sophistication. Every detail, from the tailored finishes of the cushions to the delicate interplay between wood and refined leather, is a testament to artisanal craftsmanship, perfectly combining comfort and style.
