

venezia

Venezia è un coffee-table di grande eleganza, pensato per completare divani importanti e raffinati con la sua presenza discreta e maestosa.

Il grande top in legno, che celebra la bellezza naturale delle venature, si fonde armoniosamente con la base e i sostegni in pelle, posti agli apici, creando un effetto di leggerezza che solleva il piano e lo fa sembrare sospeso nell'aria.

Sotto al top, la generosa base nasconde un pratico contenitore, pensato per riporre gli accessori del living, unendo funzionalità e bellezza in un unico gesto di design.

Venezia is a coffee table of great elegance, designed to complement important and refined sofas with its subtle yet majestic presence.

The large wooden top, which highlights the natural beauty of its grain, harmoniously blends with the leather-clad base and supports at the edges, creating an effect of lightness that elevates the surface and makes it seem suspended in the air.

Beneath the top, the generous base also serves as a storage space for living room accessories, seamlessly combining functionality and beauty in a single design gesture.
