

kibako

Kibako è un omaggio colto alla memoria, un'epifania di design che trasforma il ricordo delle umili cassette della frutta in un'icona di alto artigianato. Non semplici contenitori, ma scrigni materici dove la solidità del legno incontra la nobiltà del cuoio, creando un dialogo perfetto tra passato e presente. Il carattere distintivo di Kibako risiede nelle sue cuciture a zigzag: un dettaglio sartoriale magistrale che ritma la superficie, celebrando la bellezza imperfetta e preziosa del fatto a mano. Queste linee grafiche non solo uniscono la materia, ma evocano una nostalgia raffinata, trasformando un oggetto funzionale in un pezzo da collezione. Disponibili in diverse altezze e tonalità naturali, le scatole Kibako sono pensate per chi ama circondarsi di oggetti che raccontano una storia. Sono i custodi ideali dei tuoi segreti più cari, capaci di donare un'eleganza tattile e un calore ancestrale a ogni angolo della casa.

Kibako is a sophisticated tribute to memory, a design epiphany that transforms the humble fruit crate into an icon of high craftsmanship. These are not merely containers, but textured caskets where the sturdiness of wood meets the nobility of saddle leather, creating a perfect dialogue between past and present. The distinctive character of Kibako lies in its zigzag stitching: a masterfully tailored detail that gives rhythm to the surface, celebrating the precious, imperfect beauty of handmade artistry. These graphic lines do more than just join materials; they evoke a refined nostalgia, transforming a functional object into a collector's piece. Available in various heights and natural tones, Kibako boxes are designed for those who love to surround themselves with objects that tell a story. They are the ideal guardians of your most cherished secrets, capable of bringing tactile elegance and ancestral warmth to every corner of the home.
