delia

Delia ridefinisce l'ufficio direzionale attraverso un'eleganza sussurrata e proporzioni armoniose. Lontana dall'ostentazione, questa seduta predilige linee sinuose e un linguaggio di sottrazione che invita al dialogo e alla riflessione. Il suo cuore è lo schienale in cuoio, una materia viva capace di "imparare" le forme del corpo, offrendo un abbraccio sartoriale e personalizzato. Nonostante il profilo leggero, Delia racchiude un'eccellenza tecnica superiore: imbottiture a densità differenziata e meccanismi silenziosi garantiscono un benessere prolungato. È la scelta ideale per chi cerca il perfetto equilibrio tra la forza del design e il calore di un'accoglienza senza tempo.

Delia redefines executive seating through whispered elegance and harmonious proportions. Moving away from ostentation, this chair embraces sinuous lines and a language of subtraction that invites dialogue and reflection. Its soul lies in the saddle leather backrest—a living material capable of "learning" the body's contours, offering a tailored embrace and personalized support. Despite its slender profile, Delia embodies technical excellence: multi-density padding and silent mechanisms ensure prolonged well-being. It is the definitive choice for those seeking the perfect balance between the strength of design and the warmth of a timeless welcome.

Struttura sedile in legno multistrato,
telaio schienale in acciaio.
Imbottitura in poliuretano espanso.
Rivestimento schienale in cuoietto P3 o cuoio P1, rivestimento cuscini in pelle o tessuto.
Base in metallo verniciato con ruote.
