

plano

Plano non è un semplice tavolino, ma un invito a rallentare. Ispirato alla millenaria tradizione orientale del tè, abbassa l'orizzonte dello sguardo per elevare la qualità del tempo. Le sue proporzioni insolite creano un'isola di prossimità dove la seduta si fa informale e il respiro si placa. Attorno alla sua ampia superficie orizzontale, il living si trasforma in un rifugio zen. Realizzato con materiali nobili che celebrano il piacere tattile, Plano sfida le altezze standard per favorire una connessione autentica con lo spazio e con gli altri. Progettato per essere circondato da morbidi pouf o cuscini, è il centro gravitazionale di una convivialità meno rigorosa e più umana. Plano: dove la terra incontra il design e il relax trova la sua forma più pura.

Plano is not merely a coffee table, but an invitation to slow down. Inspired by the ancient Oriental tea tradition, it lowers the horizon of the gaze to elevate the quality of time. Its unique proportions create an island of proximity where seating becomes informal and the breath finds its calm. Around its generous horizontal surface, the living area is transformed into a Zen sanctuary. Crafted from noble materials that celebrate tactile pleasure, Plano defies standard heights to foster an authentic connection with the space and others. Designed to be surrounded by soft ottomans or floor cushions, it serves as the gravitational center of a less rigid, more human conviviality. Plano: where the earth meets design, and relaxation finds its purest form.

Top in legno multistrati e legno tamburato finito in essenza, e inserto in marmo.
