

madera

Madera non è solo un letto, ma un’installazione di design che trasforma la zona notte in una galleria d'arte. La sua monumentale testiera incornicia la parete, offrendo una tela materica dove intrecci sartoriali e pelle trapuntata creano giochi di luce e volumi tridimensionali. Sotto l’estetica scultorea batte un cuore funzionale: il sistema Folding Box nasconde un ampio vano contenitore, azionato da meccanismi fluidi e silenziosi. Realizzato con imbottiture ergonomiche e rivestimenti pregiati, Madera è la sintesi perfetta tra maestosità artigianale e comfort tecnologico. Un rifugio esclusivo dove il design definisce l'orizzonte del sogno.

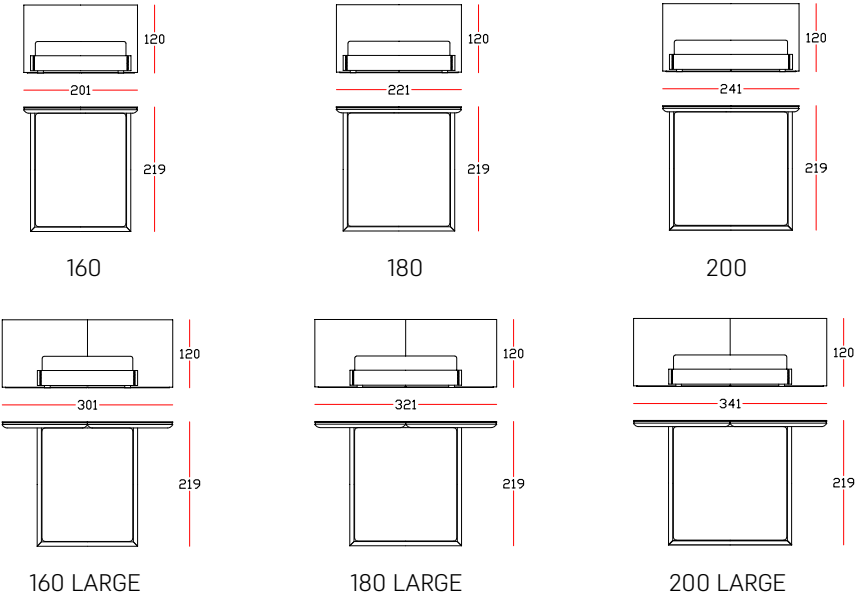

Struttura testiera e fasce in legno multistrato imbottito in poliuretano e rivestimento in pelle o tessuto. Rivestimento in pelle o tessuto: trapuntato con motivo a intreccio diagonale. Rivestimento a fasce intrecciate: solo per il tessuto AURA. Rete in acciaio con doghe in legno multistrati. Disponibile anche la variante con contenitore.

Materasso e cuscini non inclusi

Madera is not only a bed, but a design installation that transforms the sleeping area into an art gallery. Its monumental headboard frames the wall, offering a material canvas where sartorial weaves and quilted leather create games of light and three-dimensional volumes. Beneath the sculptural aesthetic beats a functional heart: the Folding Box system hides a large container compartment, operated by fluid and silent mechanisms. Made with ergonomic padding and precious coverings, Madera is the perfect synthesis between artisanal majesty and technological comfort. An exclusive refuge where design defines the horizon of the dream.

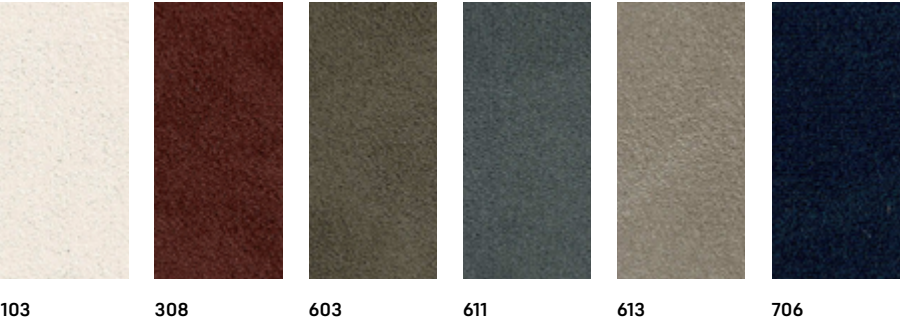

Structure headboard and rails in plywood, padded with polyurethane and upholstered in leather or fabric. Upholstery leather or fabric: quilted with a diagonal weave pattern. Woven band upholstery: available only for AURA fabric. Bed base steel frame with plywood slats. Storage version also available.

Mattress and pillows not included.
